
notes . All resistors value are in ohms . (k = 1000Ω , M = 10^6Ω)
. all capacitors value are in micro farads . (P = 10^{-6}μF)
. Tolerance of all resistors is k = ± 10% .
. Tolerance : K = ± 10%
Tolerance of all capacitors (except the electrolytic capacitors) is M = ± 20% unless otherwise indicated.
